

## LIST OF FIGURES

Chapter No.	Title	Page No.
III	Effect of Sodium chloride and sodium sulphate salinity on seed germination of <i>Prosopis juliflora</i> (Sw.).	51
	Effect of Sodium chloride salinity on total fresh weight and dry weight of <i>Prosopis juliflora</i> (Sw.).	55
	Effect of Sodium chloride salinity on the sodium content in the roots and leaves of <i>Prosopis juliflora</i> (Sw.).	58
	Effect of Sodium chloride salinity on the chloride concentration in the roots and leaves of <i>Prosopis juliflora</i> (Sw.).	62
	Effect of Sodium chloride salinity on the potassium content in the roots and leaves of <i>Prosopis juliflora</i> (Sw.).	65
	Effect of Sodium chloride salinity on the calcium content in the roots and leaves of <i>Prosopis juliflora</i> (Sw.).	68
	Effect of Sodium chloride salinity on the phosphorus content in the roots and leaves of <i>Prosopis juliflora</i> (Sw.).	71
	Effect of Sodium chloride salinity on the activity of enzyme Invertase in the roots and leaves of <i>Prosopis juliflora</i> (Sw.).	79
	Effect of Sodium chloride salinity on the activity of Enzyme $\alpha$ -amylase in the roots and leaves of <i>Prosopis juliflora</i> (Sw.).	83
	Effect of Sodium chloride salinity on the activity of Enzyme Acid Phosphatase in the roots and leaves of <i>Prosopis juliflora</i> (Sw.).	87
	Effect of Sodium chloride salinity on the activity of Enzyme alkaline phosphates in the roots and leaves of <i>Prosopis juliflora</i> (Sw.).	92
	Effect of Sodium chloride salinity on the activity of Enzyme ATPase in the roots and leaves of <i>Prosopis juliflora</i> (Sw.).	97
	Effect of Sodium chloride salinity on the activity of Enzyme alkaline inorganic pyrophosphatase in the roots and leaves of <i>Prosopis juliflora</i> (Sw.).	101
