

## ACKNOWLEDGEMENT

It is my pleasant duty to express sincere and grateful thanks to Prof. (Dr.) H.S. Waydande, Head, Department of Library and Information Science, Shivaji University, Kolhapur. Whose kind and valuable guidance, cordinal treatment and enthusiastic words have inspired me at every stage of the present work. It is my privilege that I had the opportunity of working under guidance of such a perfectionist.

I sincere thanks to the Shivaji University Authorities for launching this M.Phil. programme and providing me opportunities to complete this research work.

I also wish to thank Prof. (Dr.) N.I. Divtankar for his constructive encouragement and motivation to accomplish this dissertation. I would rather fail in my duty if I did not express my sense of gratitude to unive-rsity library staff Mr. Bilavar P.B.

I would like to express my regards and thanks to my parents for everything they have done for me. Thanks are also due to my family members, sisters Sou. Geeta Jadhav, Shobha Pawar and Vaishali Chavan for their moral support and constant encouragement at all stages that has enabled me to complete this dissertation in due course of time.

Last but not the least, my sincere thanks to all the librarians of the college libraries affiliated to Shivaji University Kolhapur for their kind co-operation by providing the necessary data for the research work, without which, this research work would not have been accomplished successfully.

Lastly , I express my deep sense of gratitude to Shrikant Computers, Kolhapur and to all my well wishers.
