

ACKNOWLEDGEMENT

I deem it is a great pleasure and privilege to acknowledge my deep sense of gratitude to Dr.M.B.Chavan,Lecturer in Chemistry, Department of Chemistry,Shivaji University,Kolhapur, my research guide for accepting me as his student, suggesting me this problem and for giving me careful guidance throughout the period of my research and making me invaluable suggestions and encouragement for its improvement. In spite of his busy schedules he was kind enough to give me a time for discussing my work. His able guidance and help is beyond all measures beyond all words. I am extremely fortunate to have him as my guide. I will never forget the help that he so generously and affectionately extended during this work.

I wish to express my deep felt gratitude to Dr.M.H.Jagdale, Prof.and Head,Department of Chemistry of this University for his constant, generous and valuable help, advice and facilities provided for this work.

My sincere thanks are due to Dr. C.K. Bhaskare, and my teachers in the Department of Chemistry for their encouragement during the progress of this work.

I express my sincere thanks to the Vice-Chancellor and the Registrar, Shivaji University, Kolhapur for allowing me to work in the University Department of Chemistry and for the facilities provided for this work.

I am also thankful to my colleague, Mr. S.R. Kuchekar who helped me without hesitation throughout the period of this work.

Feb 1986.
