

C O N T E N T S

Chapter	Title	Page
	- <u>P R E F A C E</u>	(i)-(iv)
I	Historical Introduction.	1-15
II	The three natural space-like Congruences on the World-line of a particle in Relativistic Continuum mechanics and the three curvatures.	16-41
III	Special space-like congruences on the stream line .	42-57
IV	Spin coefficient formalism for the three space-like congruences on the world-line of the particle. R E F E R E N C E S .	58-65 65-71
