A C K N O W L E D G E M E N T S

It is my great pleasure to record my sincere gratitude
to Dr.G.G.Asgekar, Reader, Department of Mathematics, Shivaji
University, Kolhapur, for his inspiring guidance, and keen
supervision during the preparation of present dissertation
for the award of Master of Philosophy. Dr.Asgekar is a
great source of encouragement at every stage of my work. I
am very lucky to have such a devoted person as my guide.
This formal acknowledgement is an inadequate expression of
my gratitude to him.

I wish to express my deep sense of gratitude to
Prof. L.Radhakrishna, Head, Department of Mathematics,
Shivaji University, Kolhapur, for his academic discussions,
valuable advice and critical remarks.

My heartiest thanks are also due to all the teaching
and non-teaching staff of the Department of Mathematics,
Shivaji University, Kolhapur for their kind co-operation
and constant encouragement during the period of present
dissertation.

No words are adequate to express my heartiest
gratitude to my parents, without whose active encouragement,
this thesis would have never seen the light of the day.

I wish to express my thanks to all who helped me directly and indirectly during the preparation of present dissertation.

Finally, I put on record my thanks to Mr.Kumbhar for his careful and meticulous·typing.
