
F o r e w o r d

It gives me great pleasure to express my deep sense of gratitude to my Guide Dr. P.L.Kulkarni, Head of the Department of Chemistry, Willingdon College, Sangli for the keen interest shown by him while the present work was in process.

I gratefully acknowledge my deep indebtedness to the Principal, Willingdon College, Sangli for providing the laboratory facilities.

My sincere thanks are also due to Dr. V.D. Kelkar, Lecturer in Inorganic Chemistry, University of Poona, for his constant encouragement and help throughout the experimental work.

I would like to extend my thanks to Prof. S.N.Kanetkar, Head of the Department of Microbiology of the Willingdon College, Sangli for his help in carrying out the antimicrobial studies.

My thanks are also due to all my colleagues for their encouragement.

I am very much thankful to Shri. A.R.Kulkarni who has assisted in bringing out this dissertation in a presentable form.
