

ACKNOWLEDGEMENT

I shall be ungrateful to my honourable guide, friends and colleagues in the department if I do not acknowledge the most valuable help and active academic cooperation is extended to me by them during my tenure of research. I am particularly thankful and express my sincere and heartfelt gratitude towards my guide Dr.(Smt.) S.G.Kawatkar, Lecturer in Inorganic Chemistry, Shivaji University, Kolhapur. Because of her valuable guidance, inspiration and encouragement, I have completed this research. Throughout this period she encouraged every slightest improvement, hence she became a great source of inspiration for me. I find no words to express my heartfelt thanks to her for the most valuable and relevant suggestions.

Thanks are also due to Dr.C.K.Bhaskare, Reader in Inorganic Chemistry, Shivaji University, for his creative cooperation and advice during the course of my research work.

I am very thankful to late Professor Dr.M.H.Jagdale. I am extremely grateful to Dr. D.S.Ambardekar, Professor and Head of Chemistry Department, Shivaji University, Kolhapur; for providing me the necessary facilities to complete my work.

I am thankful to Rayat Shikshan Sanstha Satara, and Principal S.D. Patil, Y.C.Institute of Science Satara, for granting me a study leave for one year to complete the M.Phil. course. My thanks go to Dr.S.N.Deshmukh, Lecturer in Physical Chemistry for his kind cooperation during the period of this research work.

I must mention my sincere thanks to the University Grants Commission, New Delhi, for awarding me a Teacher Fellowship for one year.

Department of Chemistry,
Shivaji University, Kolhapur
August, 1988

(Miss B.A. Pawar)
