

A C K N O W L E D G E M E N T

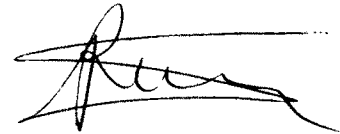

This research work for the M.Phil Degree in Physics was carried out under the guidance of Dr. B.K.Chougule, Lecturar, Department of Physics, Shivaji University, Kolhapur. Through the research work and writing of the thesis he has kindly provided me with the able guidance, helpful suggestions and critical comments. I am grateful to him for having given me an opportunity to work under his guidance.

I express my deep and profound sense of gratitude to Dr. R.N.Patil, Head of the Department of Physics, Shivaji University, Kolhapur for useful discussions. His quick mind and perceptive insight have been an invaluable contribution to my research efforts.

I gratefully acknowledge the help and support received from Dr. S.A.Patil, Dr. S.R.Sawant, A.B.Kadam and other Lecturers of this Department. Dr. K.Byrappa of the University of Mysore has been kind enough to supply us XRD data and SEM facility. I am highly indebted to him. I appreciate the assistance of the staff of Materials Science Laboratory and other nonteaching staff of Physics Department. I have been benefited from my colleagues R.S.Shinde, D.I.Jadhav, G.I.Gadhe, S.I. Patil, R.B.Pujar Lotake and other research workers in the department. I thank them sincerely.

I wish to mention the help rendered and co operation given by my family members and friends, which provide me the most favourable environmentⁿ for the completion of the present work. I owe a special word of thaks to Baraskar for clean tracings of graphs and diagrams, and to M.C.More for clean and speady typing, and also The Unique Automatic Copier, Kolhapur Mr. Raju Dige.

I^{am} deeply indebted to Shivaji University, Kolhapur and Shri Shivaji Shikshan Parasarak Mandal's Barsi for making the necessary facilities available for carrying out this work and the U.G.C. for providing the financial assistance.

Shri. D.S. Revadkar
