*It gives me a great pleasure to express my gratitude to Dr. S.R.Sawant who was not only a guide to me but a friend and philosopher also. But for his continued interest and stimulation this work could not have seen the light of this day. He spared no pains in giving suggestions and criticisms from time to time in a friendly manner which is perhaps a unique and characteristic nature of his mind. I find no proper words to express my gratitude towards him.*

*I take this opportunity to express my indebtedness to Prof. R. N. Patil, Head of the University Department of Physics and Electronics, who allowed me to avail of the laboratory facilities and provided the necessary encouragement. I will ever cherish the sweet memories of the days spent with this great philosopher.*

*I have been benefitted to a great extent by the help rendered by Dr. S. A. Patil, a colleague of my guide. I thank him sincerely.*

*Dr. V.G.Kulkarni of TIFR helped me in getting the assistance of the great scholars Dr. Multani and C. Radhakrishnamurthy of TIFR. Dr. Multani assisted me in getting the XRD's of my samples. Dr. C. Radhakrishnamurthy allowed me to perform the experimental work on susceptibility in his laboratory. It will be a pleasure to me to remain indebted to them for ever. I am also thankful to Dr. M.J.Patri of LLT., Powai, Bombay for allowing to work in his laboratory for my experimental work on magnetisation.*

*It is the tradition of the Willington College to extend all possible help to those who try to improve their qualifications. Ex-Principal Prof. K. M. Agashe and the present Principal Dr. B. A. Patil encouraged me in my undertaking and helped me in all possible ways. I express my deep and profound sense of gratitude towards them. Prof. S.S. Bodas who is always sympathetic by nature was also a source of inspiration to me in this work.*

*I am thankful to Shri. Ravan of USIC of the Shivaji University for the fine tracings he has drawn for me.*

*It would not have been possible for me to present this work in excellent typing without the help, co-operation and keen interest taken by Shri. A. R. Kulkarni of Ashok Typing Bureau, Sangli.*

*Finally, I wish to thank everybody who helped me in one way or the other in completing this work.*
