

Acknowledgement

I am indebted to my Teacher and Guide Dr. P.B.Joshi, Professor and Head, Department of Physics (Applied Electronics), for his direct guidance during the preparation of this dissertation and for his constant encouragement during the course of my studies. Whatever is good about this work the credit goes to him .

I also thank Prof.K.Govindaraj and Prof.B.Purnaih for providing the facility to carry out experimental work at Department of Material Science, IGCAR, Kalpakkam, under thier valuable guidance and suggestations.

My thanks are also due to Dr. L. P. Deshmukh, Dr. S.S.Suryawanshi, teaching and non-teaching staff of my institute .

My thanks are also due to all those who have directly or indirectly helped during the course of this work.

Vinayak. Astekar
