

ACKNOWLEDGEMENTS

I have great pleasure in expressing my deep sense of indebtedness and heartfelt gratitude to Dr. C. H. Bhosale, Professor, Department of Physics, Shivaji University, Kolhapur for his expert and valuable guidance and continuous encouragement given to me during the course of work.

I am highly grateful to Prof. B. K. Chougale, Head, Department of Physics, Shivaji University, Kolhapur for making me available the laboratory facilities. My deep appreciations are 'due' to Prof. S. H. Pawar, former head of Physics department and Prof. A.V. Rao for their interest and encouragement, which helped me a lot.

My special thanks are reserved to Dr. K.Y Rajpure who has extended the co-operation during the course of work.

I am indebted to Dr. C. D. Lokhande, Dr. P. S. Patil, Dr. M. D. Uplane and Dr. V.J. Fulari for fruitful discussions and valuable suggestions during the course of the work.

I am thankful to Dr. S.D. Bhagat, Mr. R. R. Sawant, Mr. A. V. Moholkar, Mr. D. M. Sapkal, Mr. V. M. Nikale, Mr. S. N. Patil, Miss. U. B. Suryvanshi, Mr. S. M. Pawar, Mr. P. S. Shinde, Mr. B. B. Sinha, Mr. A.I. Inamdar, Mr. S.H. Mujawar, Mr. V. S. Sawant, Mr. R. J. Devkate and the members of our Thin Film Physics group as a whole for their assistance in experimental work and discussions.

I sincerely appreciate the help rendered by M.Sc. students such as Rishikesh Kendale, Sambahji Shinde etc. I am thankful to all my teachers

as well as administrative, laboratory and workshop staff of the Physics department and CFC, USIC staff for their co-operation.

It is my solemn duty to thank former Principal B. A. Patil and Principal Dr. Arvind Burungale, K. B. P. College of Vashi, Navi Mumbai for continues encouragement and timely suggestions during the course of my work. I also thank to Prof. D.P. More, Vice Principal and Head of the Department, K. B. P. College of Vashi, Navi Mumbai. I am also grateful to all the colleagues in the department and college.

I express deep sense of love to my brothers Shri. V. P. Yadav Bhilavdi Station, Dist.- Sangli and Mr. R. P. Yadav, Asst. Manager, Manugraph, Kolhapur who is the chief source of my inspiration. I would like to remember my loving late father and mother. The last and not the least: I would fail my duties if I forget the members of my family including my wife Sau. Shubhangi, daughter Dolu and son Shubham, without the constant support of whom the work would have been impossible.

Mr. S. P. YADAV

Place : KOLHAPUR

Date : 08-06-2007

STRUCTURE OF THE DISSERTATION

The dissertation is organized to use the 'Spray Pyrolysis' technique to deposit thin films from aqueous medium. The prepared films are characterized by various techniques for their structural, optical, electrical and photoelectrochemical properties. The dissertation is structured in six chapters, which are shown in the following flow chart:
