

LIST OF TABLES

| Table No. | Title                                                        | Page |
|-----------|--------------------------------------------------------------|------|
| 1.1       | Colour and Flavour Assignment of Quarks                      | 5    |
| 1.2       | Charges of Quarks                                            | 7    |
| 1.3       | Charge Assignment of Quarks in Gell-Mann Model               | 8    |
| 1.4       | Charges of Quarks in Han-Nambu Scheme                        | 8    |
| 2.1       | Quarkonium Meson Spectroscopy                                | 24   |
| 4.1       | Charges on the Rishon                                        | 24   |
| 4.2       | Rishon Model of First Generation Standard Model Constituents | 44   |
| 4.3       | Properties of Preons in Rajpoot-Samuel Model                 | 45   |
| 4.4       | Rishon Structure of all Quarks and Leptons                   | 46   |
| 5.1       | Generation Quantum Number                                    | 73   |
