

ACKNOWLEDGEMENT

At the outset, I wish to express my deep sense of gratitude to the authorities of Shivaji University, Kolhapur who have provided an opportunity to persue my academic endeavour.

I am highly indebted to Dr. Lakshminarayana R. Tarodi, who suggested this important but neglected area for research. Throughout this study, he extended unstinted help and goaded me to complete the work. I will be failing in my duty, if I do not thank all the teachers of the Department who are a constant source of inspiration to me.

I am equally indebted to all the Officers and employees of T.B.P.-CADA who have provided me with data and patiently lend their ears to my problems and answered my questions to the best of their ability.

I am highly indebted to Dr. H. Basanna, former Principal of Vijayanagar College, Hospet for encouraging me to do research.

I am also grateful to the Principal Shri Guru Basavaraj of Vijayanagar College, Hospet for allowing me under U.G.C. Teacher

Fellowship to conduct research at M.Phil. level. Moreover, I will never forget the financial assistance provided by U.G.C. Last but not least, I am highly grateful to Mr. Khade for quick and efficient typing work.

Kolhapur.
