

## ACKNOWLEDGEMENT

I am extremely happy to express my heartfelt gratitude towards my research guide Dr. M.B. Hogale, M.Sc., Ph.D., Univeristy Department of Chemistry, Shivaji University, Kolhapur, for his guidance, constant encouragement and appreciation of my efforts.

I wish to thank Dr. M.H. Jagadale, Prof. and Head, University Department of Chemistry, Shivaji University, Kolhapur for providing me all necessary facilities during the course of my research.

I wish to record my thanks to honorable Vice-Chancellor and the Registrar, Shivaji University, Kolhapur for providing all required facilities from time to time.

I wish to thank Dr. A.A.Kadam, Principal, Kisan Veer Mahavidyalaya Wai. Without his personal attention and encouragement I would not have undertaken this work. I am also thankful to Shri Prataprao Bhosale (M.P.) for encouragement.

I am thankful to the U.G.C. (New Delhi) for awarding me Teacher Fellowship under F.I.P. in VII Year Plan. The authorities of Kisan Veer Mahavidyalaya, Wai were kind and considerable enough to grant me a study leave of one year to complete the present work. I am grateful to these authorities.

I am thankful to my friend Shri V.K.Salunkhe who helped me a lot.

My wife, Mrs. Sunita Kachare handled the home-front effectively in my absence at Wai. This gave me a mental peace, which is rightly needed in this type of work. I wish to record my sense of gratitude towards her.

I am thankful to Smt.Bhosale of Rajaram College, Kolhapur for assistance during antibacterial testing.

Lastly, I wish to thank Mr.Gosavi and Mr.Baraskar for neat typing and tracing of this dissertation.

Kolhapur  
1987
