CONTENTS

<u>CHAPTER</u> : 0	INTRODUCTION	1
<u>CHAPTER</u> : I	PROBABILITY INEQUALITY AND APPLICATIONS : VIA MAJORIZATION.	
1.0	Introduction	4
1.1	Elementary concepts and examples	4
1.2	Schur-concave and Schur-convex functions	15
1.3	Applications of inequalities	31
<u>CHAPTER</u> : II	CONVEXITY : RELATED INEQUALITIES AND APPLICATIONS	
2.0	Introduction	44
2.1	Elementary Concepts	45
2.2	Confidence region	68
2.3	Anderson's theorem and its applications	77
..	..	
..	REFERENCES	91
