

## ACKNOWLEDGEMENT

I sincerely feel that this work would not have been possible without the generous help and support from many persons.

First and foremost I must sincerely thank my research guide, Dr. Jay S. Samant who not only suggested the problem but helped me in all respects during the research. I express my deep gratitude to him.

I thank the Head of the Zoology Department, Shivaji University, Kolhapur for providing the necessary laboratory facilities and granting permission to work in the Zoology Department.

The president and the Principal of M.S.P. Mandal's Shri Shivaji College, Parbhani have always encouraged their staff members to attain higher academic qualifications. I am thankful to them for providing me with study leave and encouraging me in various ways.

My thanks are due to the University Grants Commission, New Delhi for awarding me a short term teacher fellowship under the basic grants.

Dr. N.K. More, Reader in Zoology of this department gave me a lot of encouragement and I am thankful to him for the same.

My colleagues in the department, Mr. T.S. Lagali, Dr. Mohan Gojer, Miss. Raju Shinde, Mr. C.D. Pawar and Mr. Khatavkar were always ready to render their help and co-operation which I have availed in ample, I thank them all.

Assistance of Dr. Sharma, Z.S.I., Western Region, Pune in identifying the fish species is gratefully acknowledged.
