

### ACKNOWLEDGEMENT

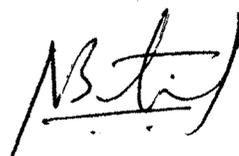

I wish to express my deep sense of gratitude and indebtedness to my guide, Dr. V.A. Sawant, who encouraged me to undertake the present problem and guided my research work to its completion. His most scholarly criticism of the work and many inspiring discussions led the present work to fruition.

I must thank to Dr. A.T. Varute, the Professor and Head of the University Department of Zoology and the authorities of the Shivaji University, Kolhapur, for providing me all possible facilities.

Mention must also be made here of my friends and colleagues, especially Mr. Gojer, Mr. Desai, Mr. Raj, Mr. Lagali, Mr. Dhopade and Mr. Rex whose help in my work was really valuable.
