

A C K N O W L E D G E M E N T

The first and foremost, I wish to express my deep sincere gratitudes to my research guide Dr.(Mrs.) M.M.Pillai, Reader in Cell-Biology, Department of Zoology, Shivaji University, Kolhapur for her scholastic guidance and constructive criticism, right from the selection of the problem till final completion of this work. To her counsel the successful completion of this work is entirely due.

I am grateful to Dr.V.A.Sawant, Prof. and Head of the University Department of Zoology for providing all the facilities and also for his constructive criticism.

I would like to thank and express my gratitude towards, Mr. K.V.Ashokan, Mr.B.A.Tomake, Miss M.K.Bhoite, Mrs. V.M.Kurane, Mr.M.M.Kurane, Mrs.M.N.Shaikh, Mr. K.G.Chako and other non-teaching staff of this department for their kind co-operation. The excellent type-script of the present thesis is prepared by Mr. Kumbhar, I express my deep sense of gratitude towards him.

I am very much grateful to my parents and brother who have been a source of inspiration in my career. and express my deep sense of gratitude to my brother Mr.C.H.Mane, without his help it would have been impossible for me to successful completion of my research work.

Last but not the least I thank the University authorities, Dr.A.T.Varute, the Vice-Chancellor of this University for allowing me to work in the Zoology Department and making available all facilities during the course of the present investigation.

Place : Kolhapur.
