

**Dedicated to my Parents
with love and respect**

Whose love and blessings have been a source of inspiration, courage and stamina, to undertake studies in pursuit of knowledge. I owe them for what I am today and even hope to be in future.

BAGALKOT CEMENT

**THE MARK OF
STRONG AND DURABLE
CEMENT**

POWER

In order to overcome the chronic power shortage of the state electricity grid, BAGALKOT has installed a D.G. Set of 4000 capacity from Japan. Plans for installing another D.G. Set are underway.

TRAINING

BAGALKOT UDYOG has set up with the assistance of M/S. BLUE CIRCLE, a separate training department in the company which caters to the complete training needs of the managerial, supervisory & operating staff.

PACKAGING

BAGALKOT UDYOG enjoys a unique distinction in offering cement in a variety of packing bags like JTE, HDPE, etc. according to customer requirements and preferences.

DISTRIBUTION

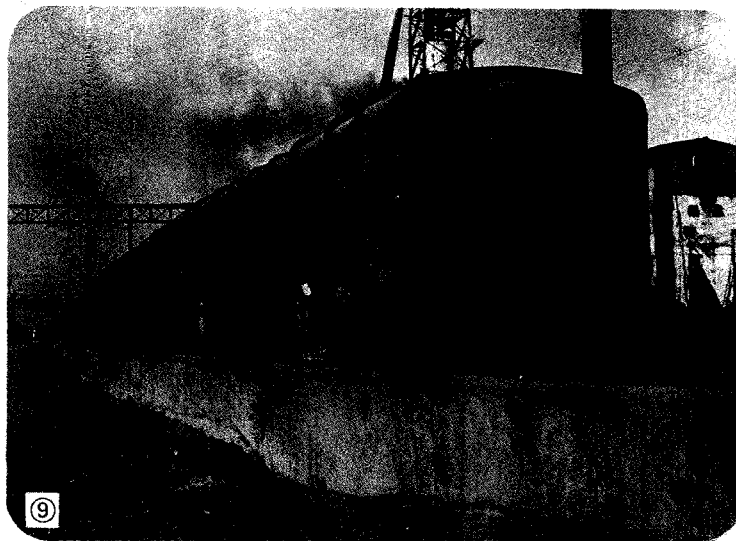

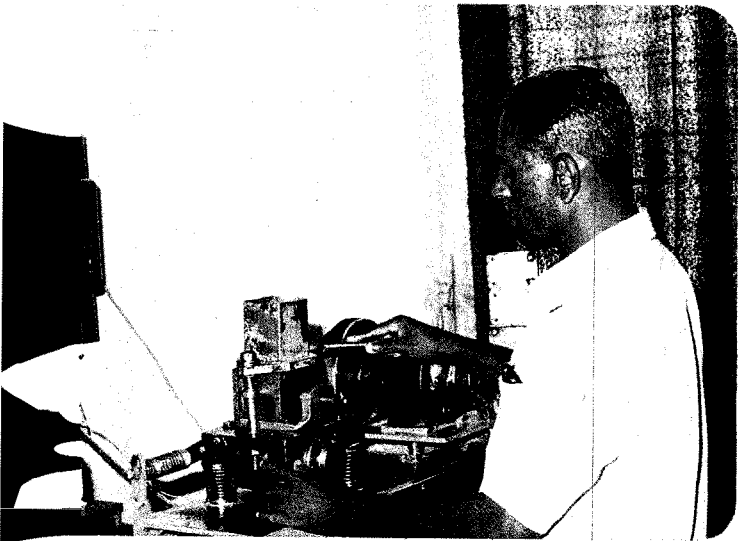

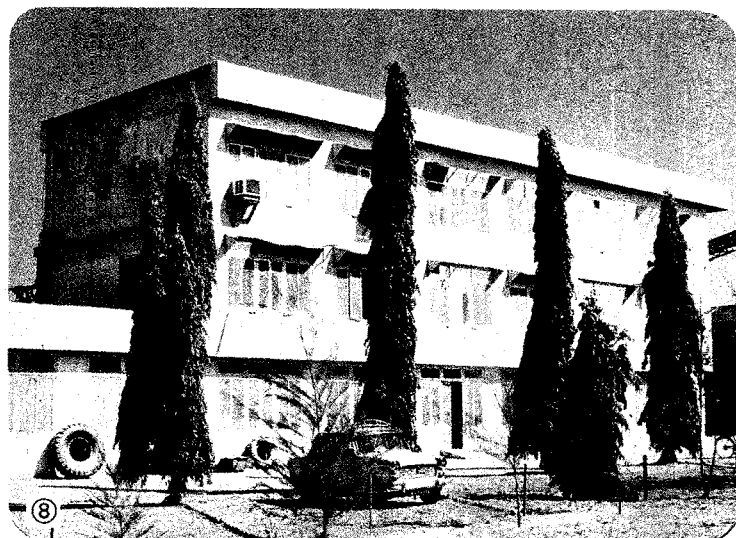

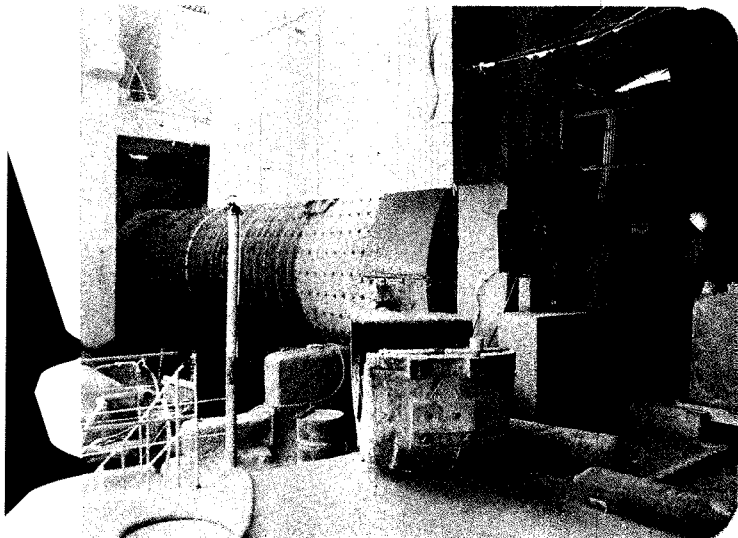

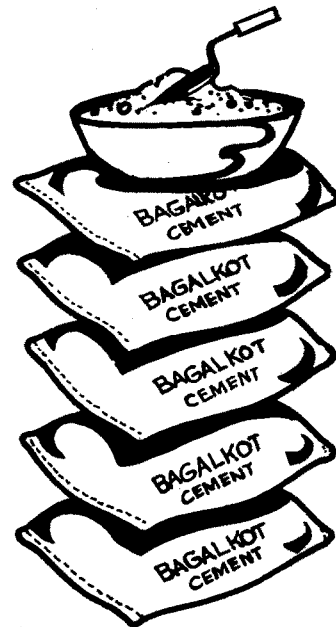

BAGALKOT UDYOG has covered many milestones, thanks to its professional management and highly trained engineers. Due to its excellent quality & customer service, BAGALKOT is forging ahead of all competition.

SURROUNDINGS

The company has changed the scenario around BAGALKOT by providing public utilities like a school, temple, staff club, medical aid centre & a residential colony for employees (the company's school provides the best English medium education to the children of the town).

FUTURE GROWTH

To live up to its increasing popularity, the company has plans to double its production capacity by introducing precalcination & computerised control.

7) 1280 K.W. Cement Mill

8) Working in progress in the laboratory.

8) Main administrative building.

9) Railway siding for transportation of cement.
