Dr. (MS) Neelima Ravindra Sapre
Principal Investigator,
UGC Major Research Project (2010-12)
Department of Education,
Shivaji University, Kolhapur.

DECLARATION

I, hereby declare that the project entitled '**Development Of Computer Multimedia For Enabling Teacher- Educators And Student-Teachers For Constructivist Classroom**' completed, written and submitted to the University Grant Commission (July, 2012) is a bonafied work prepared by me. The empirical findings of the study are entirely on the data collected by myself.

Place: **Kolhapur**
Date: 25/9/12

Dr(MS) N. R. Sapre.
Principal Investigator

ACKNOWLEGEMENT

Our Education system is under remarkable change in this decade. Especially these changes drastically affected the nature of teaching and learning process in School Education.NCF 2005 and the other curricular documents focused on Constructivist approach of learning and teaching. Constructivism is a theory about how we learn.

However, our teacher education system is still focused on how we should teach huge gap between these approaches. With this experience in hand the investigators recognize the need of training for Constructivist teaching learning approach to teacher educators and student teachers. They decided to work out for the development of Computer Multimedia Package which will be useful for self training as well as for providing modular training to the beginner teachers.

The investigators will always remain grateful firstly to the authorities of Shivaji University, Kolhapur (Maharashtra) and secondly to University Grants commission, New Delhi, for providing them necessary facilities, infrastructure and finance to conduct this major project successfully.

They extend their gratitude to Prof. Ramesh Panase, Wai, Mr.and Mrs. Dandekar, Chikhagaon, Smt. Sandhya Hingane,Pune and Suchita Padalkar, Kolhapur for their significant intellectual and experienced contribution in this project. Their ideas which are actually implemented in their school practices gave motivation to us to think about teaching learning process in a new direction.

We are also grateful to all the teachers from 'Aksharnandan', Pune 'Lohmanya Tilak Highschool; Chkhalgaon,D. C. Narke School Kuditre for sharing their experiences of real practice with us.

We extend our gratitude to the Principals of College of Education, Karad and Dr. D. Y. Patil College of Education, Gargoti for allowing them to conduct training programme.

We are thankful to our doctoral scholars shri.Karale Dayanand and Smt. Seema Pardeshi for preparing and conducting actual teaching episodes based on Constructivist approach and Smt. Suphia Shikalgar for preparing theoretical base of Constructivism.

We are very much grateful to Shri. Nandkumar Nirmal and Shri.Vidyanand Suryawanshi providing a technical support without which we cannot prepare this Computer Multimedia in time.

We are also greatful to all the faculty members and the student teachers from College of Education ,Karad and Dr. D. Y. Patil College of Education, Gargoti for their active participation in training, testing and teaching.

We remain greatful to Dr. Supriya Patil for her enthusiastic, continuous and very active assistance in the project from the beginning to the end without which it is impossible to complete the work.

We are thankful to all for completion of the work.

Place: **Kolhapur** **Dr(MS) N. R. Sapre.**

LIST OF TABLES

Table No.	Title	Page No.
2.1	Aspects, Nature, Purpose of Tool & Data Collection	28
2.2	Components of Knowledge Construction and related identified abilities	29
2.3	Name of the Module and Nature of Content	42
2.4	Classroom Discussion Methods	55
2.5	Name of Books and Authors	57
2.6	Title of PPTs and Name of Authors	58
2.7	Address of Websites	59
2.8	Name of Experts	59
2.9	Name of Teachers	60
2.10	Name of Experimental Schools	60
2.11	Final format of Computer Multimedia Package	63
2.12	Component and Sub Component of Package	64
2.13	Nature of Task/ Strategies and Time Duration of Training at Karad	67
2.14	Nature of Task, Strategies and Time Duration of Training at Gargoti	72
3.1	Mean and SD Values of Teacher Educators in Achievement in the tests Theoretical Base of Constructivism	78
3.2	Mean and SD values of Student Teacher in Achievement in Theoretical Base of Constructivism	79
3.3	Mean and SD values of Teacher Educators in Achievement in Planning of teaching with activity	80
3.4	Nature of Response Given by Marathi Method Teacher Trainees Regarding Process of Knowledge Construction	81

Table No.	Title	Page No.
3.5	Nature of Response Given by Marathi Method Teacher Trainees Regarding Abilities Required for Knowledge Construction	82
3.6	Nature of Response Given by Marathi Method Teacher Trainees regarding teacher tasks for Knowledge Construction of pupils	83
3.7	Nature of Response Given by Marathi Method Teacher Trainees regarding Change in Role of Teacher for Knowledge Construction of Pupils	84
3.8	Nature of Response Given by Marathi Method Teacher Trainees Regarding Change in Teaching Approach of Their Subject for Knowledge Construction of Pupils	85
3.9	Nature of Response given by Science Method teacher Trainees regarding Process of Knowledge Construction	86
3.10	Nature of Response given by Science Method teacher Trainees regarding Abilities required for Knowledge Construction	87
3.11	Nature of Response Given by Science Method Teacher Trainees Regarding Teacher Tasks for Knowledge Construction of Pupils	88
3.12	Nature of Response Given by Science Method Teacher Trainees regarding Change in Role of Teacher for Knowledge Construction of Pupils	89
3.13	Nature of Response Given by Science Method Teacher Trainees Regarding Change in Teaching Approach of Your Subject for Knowledge Construction of Pupils	90
3.14	Nature of Response Given by History Method Teacher Trainees Regarding Process of Knowledge Construction	91
3.15	Nature of Response Given by History Method Teacher Trainees Regarding Abilities Required for Knowledge Construction	92
3.16	Nature of Response Given by History Method teacher trainees Regarding Teacher Tasks for Knowledge Construction of Pupils	93
3.17	Nature of Response Given by History Method Teacher Trainees Regarding Change in Role of Teacher for Knowledge Construction of Pupils	94
3.18	Nature of Response Given by History Method teacher Trainees Regarding Change in Teaching Approach of Your Subject for Knowledge Construction of Pupils	95
3.19	Comparative Nature of Response given by Marathi, Science and History Method Teacher Trainees Regarding Knowledge Construction of Pupils	96
