FOREWORD

It is with great pleasure and a sense of fulfillment that we are presenting the second volume of "*Compendium of Research : Doctoral Theses*" that has been prepared and being brought-out by Shivaji University's Barr. Balasaheb Khardekar Library. The first volume in this series, containing references of 508 theses, that were awarded doctoral degrees from the inception of the University in 1962 to October 1987 was published in the year 1987 itself. This second volume contains 675 references and includes all the Ph. D. theses that were awarded degrees between November 1987 and December 1998. I am sure, researchers, young and old, will find this important source material and documentation useful for their research.

The Compendium has been prepared painstakingly by Smt. P. B. Sawant and the Editor, Smt. Sumitra Jadhav, presently Incharge Librarian has supervised her work of compiling all the references. Divided in three parts, the Compendium's first part lists all the references, whereas the second part embodies the details of the analysis. Here one can find statistical details of the department-wise research output, chronological year-to-year output, faculty-wise distribution of theses produced, subject-wise as well as gender distribution of the theses submitted and so on. What is most significant in part III of the Compendium where the readers will find copiously prepared Author Index, Index to the Guides who supervised the theses and also an equally well prepared and alphabetically arranged keyword index.

Providing documentation and bibliographic assistance to researchers is an important duty of the library as an academic institution. It is indeed very gratifying to note that Barr. Balasaheb Khardekar Library of this University, and specially its staff, has been rendering this invaluable service to its readers with rare commitment and efficiency. I congratulate the I/c Librarian and the staff for bringing out this useful Compendium.

(D. N. DHANAGARE)

Vice-Chancellor

INTRODUCTION

The Government of Maharashtra established Shivaji University, Kolhapur in 1962 to meet the increasing needs of higher education in South Western part of Maharashtra. The University has four districts under its jurisdiction namely Kolhapur, Sangli, Satara and Solapur with 242 affiliated colleges and also established the Post-Graduate Teaching Centre at Solapur in 1984.

Keeping in view the objective of achieving excellence in education, research and extension, the growth of Shivaji University, Kolhapur has been multidirectional during last thirty-six years of its existence.

BARR. BALASAHEB KHARDEKAR LIBRARY

The University Library is explicitly described as 'the Heart of the University'. Therefore, the activities undertaken by the Library are multilevel and multifaceted, encompassing teaching, research and extension functions of the University. A brief overview of Barr. Khardekar Library would reveal various stages of its developments.

In the initial stage, the library was housed in a two-room small block with a collection of only 7000 books. A special mention must be made here of large book donations from scholars and book lovers, regularly received in the library since its inception. These rare collections form truly rich resources necessary for research in all subjects. Later on in 1966, the library moved into the present independent and spacious building occupying a central site in a close proximity of all teaching departments, administrative office and student's hostels.

The library was named after Late Shri. Barr. Balasaheb Khardekar on 24th October 1981 at the auspicious hands of Hon'ble Shri. O.P. Mehra, the then Chancellor and Governor of Maharashtra. Barr. Khardekar, a disciplinarian to the

core, with an unusual personality of a true sportsman, an eminent educationist, a notable democrat, a lover of English literature and humanitarian who looked beyond caste, creed and religion. As the member of the Parliament, his contribution was noteworthy for the establishment of Shivaji University.

Further in the year 1996, the spacious extension of the Library building was inaugurated at the auspicious hands of Hon. P.C. Alexander, the Chancellor and Governor of Maharashtra.

The library also has Study Centres for undergraduate students with independent buildings at Kolhapur and Solapur.

The Department of Library and Information Science imparts training in theory and practicals in Library and Information Science.

Barr. Balasaheb Khardekar Library which is at the Apex of academic library system is well equipped with basic infrastructure of building, furniture, and book/journal collections in different disciplines, source collection of rare materials such as manuscripts and grey literature comprising government reports and proceedings. With an unprecedented advancements of Information Technology, the acquisition of CDROMs and Local Area Network Plan is in the process. The Library is connected to INFLIBNET National Network of UGC. Email & INTERNET facility is rendered.

The Library Collection

At present (1999-2000) the total collection of the library is as follows :

Books (2,09,591) including rare books and journal collections of nearly 25,000 volumes, current Journals (408), bound volumes of periodicals (30771), Theses and dissertations (6825), Government Reports Proceedings (4743) and rare Manuscripts (6000).

The Library Services

In different sections of the Library, approximately 1200 users visit the library daily for study and research. Over the years the library has expanded its user services which include Open Access in Text Book Section, Collection of basic books in the Reading Room, Xerox, Inter-Library loan Service, display of new books / current periodicals and brochures, longer opening Hours for Reading Room and Periodical Section, Preservation facility for Rare documents, Teachers Personal library scheme, supply of Text Books for school going children of Class IV employees, fumigation and hand lamination for rare documents, seating facility for students appearing for Competitive Examinations, Member by Deposit Scheme for professionals, membership to affiliated college teachers and consultation on premises scheme for visitors, extension services through book exhibitions, special lectures and connectivity to INFLIBNET database with INTERNET & E-mail services.

In addition to above services, the library has undertaken bibliographical research projects for benefit of researchers and teachers. During last 36 years following bibliographical publications are published by the library (1) Souvenir of the Library (1981); (2) Compendium of Research Vol. 1 (1987) on the Silver Jubilee of the University; (3) Index to Dissertations (1988) (4) Catalogue of Manuscripts (1996) (5) 75 files of magazine articles covering a span from 1975-1999 (6) Clipping files on veteran writers Shri. V. S. Khandekar (1997), Shri. Sane Guruji (1998) and Kavi Kusumagraj (1999). The library has rendered short bibliographical lists to readers as per their requirements from time to time.

Now with the publication of 'Compendium of Research Vol.2', the library has fully completed the documentation of Ph.D. theses covering the period 1962-

1998 while entering in the new millenium. This data is available on INFLIBNET National Network and INTERNET.

COMPENDIUM OF RESEARCH : SALIENT FEATURES

The Post Graduate Departments of Shivaji University since 1962, have undertaken research work leading to Ph.D. in different subjects during a span of last 36 years. Barr. Balasaheb Khardekar Library in the University Campus has preserved two copies of each doctoral thesis in a separate hall having a sitting space of 24 seats reserved for researchers. At present, there are 1183 theses and a sizable number of dissertations and project reports, submitted for various degrees. Additional copies of theses in Chemistry, Physics and Geology are sent to Centre for P.G. Studies, Solapur for reference.

On the occasion of the Silver Jubilee of Shivaji University in 1987, the first volume of 'Compendium of Research : Doctoral Theses 1962-1987' compiled by Smt. P.B. Sawant was published under the Editorship of Late Shri. B. C. Jakati. It is a proposed referred handy reference tool. It was felt necessary to bring out an updated document covering the span of November 1987 to December 1998.

LAYOUT

This second volume of 'Compendium of Research' covers a total number of 675 theses for which Ph.D. Degrees were awarded by the University during November 1987 and December 1998.

The compilation is divided into three parts viz. Part I - Subjects, Part II - Departmental and Chronological Splitup and Part III - Indexes.

The Entry

The entries are arranged alphabetically subjectwise under broad areas of knowledge viz. Pure Sciences, Life Sciences, Applied Sciences, Social Sciences and Linguistics / Literature.

The Form of Entry

The form of entry is as below :

- | | |
|--------------------|--------------------------------|
| 1) Sr. No. | 2) Author's Surname, Forename; |
| 3) Title of Thesis | 4) Year of Submission, |
| 5) Guide | 6) Accession Number. |

Theses are arranged on the stacks according to Accession number, hence the same is provided instead of its class number. Other details like the name of the University and nomenclature of the degree are deemed unnecessary repeatative. Pagination is normally unsought, therefore deleted.

Analysis

In Part II Departmental and Chronological Splitup are given. The serial numbers of entries of theses in main text (i.e. subject) are arranged in an ascending order after the year of submission under the respective departments following the faculty concerned. This shows the year wise research output of men and women of the Department concerned. Table No. 1 to 7.8 record this information for all the Departments.

Table No. 8A to 8C; Annals of Output provides the information of theses submitted by all the Departments every year. Table No. 8D gives the total number of theses in a particular year. Table No. 9 giving facultywise annual output follows, showing annual output of each faculty and the total for the University. Table No. 10

includes Faculty wise distribution of these alphabetical subjectwise distribution is given in Table No. 11A to 11C. Table No. 12A to 12D include subjectwise splitup of theses of men and women scholars. Table No. 13 records names of the Departments where no thesis has been submitted upto 1998.

Indexes

- Part III includes :
- i) Author Index,
 - ii) Guide Index,
 - iii) Keyword Index.

The Author and Guide Indexes are arranged alphabetically. A keyword subject index is provided at the end to facilitate retrieval of all the theses on similar and related topics.

While summing up the editor gratefully acknowledges to thank Smt. P.B. Sawant for her painstaking and meticulous compilation with dedication in professional work, Shri. Sunil Birje, Shri Ajay Pawar and Shri. Satish Anekar for preparing a neat typescript, and Shri D.M. Bhiungade, superitendent of the University Press for printing.

The authorities of the University have taken a keen interest in publication of this volume, which is being released in memory of Dr. S.R. Rangnathan and Barr. Balasaheb Khardekar. We wish to put on record our deep sense of gratitude towards Hon. Vice-Chancellor, Prof. D.N. Dhanagare, who constantly encouraged various academic activities and extension programmes undertaken by the Library. The library has received co-operation from Hon.Pro Vice-Chancellor, Dr. N.B. Patil, and Heads of all Departments teaching staff and officers as well as administrative staff of the University. We wish to thank one and all.

Editor.

PART - II

DEPARTMENTAL AND CHRONOLOGICAL SPLIT - UP

i) Departmentwise Output

ii) Chronological Tables

a) Facultywise Annual Output

b) Annals of Output

iii) Facultywise Distribution

iv) Subjectwise Split-up of Men and Women

v) Departments with no thesis submitted

Departmental And Chronological Split-up

This part gives the Departmentwise split-up of the entire doctoral degree research output of the University from November, 1987 to December, 1998. In case, no thesis is produced in a Department, it is indicated in the Faculty sheet. Similarly, if there is no thesis in a particular year, that year also has been omitted from the table. The list of departments that have no thesis to their credit is given separately.

The Faculties appear alphabetically in this part. All the departments and subjects (those which have no department) appear in the faculty sheet in alphabetical sequence respectively. The year of establishment of the department is given against it followed by the number of theses produced.

In the Department tables the number of faculty members as on 10-08-1999 is given just below the department. The entry numbers which are given in the brackets represent theses produced outside the department in other-institution through guides recognised by the University.

Table No. 1

FACULTY OF ARTS

(1962 - 1998)

Sr. No.	Name of Department/Subject	Year of Establishment	Theses Produced

*Knowledge is of two kinds.
We know a subject ourselves or
We know where we can find
information upon it.*

- Samuel Johnson.
