
CHAPTER - 2.

2.1 Profile of the Kolhapur Municipal Transport

2.1 Profile Of The KOLHAPUR MUNICIPAL TRANSPORT :-

Kolhapur Municipal Transport was established in 1962, to provide travelling facilities to people of Kolhapur City and the passengers who come to visit Kolhapur.

The old building cum main office of Kolhapur Municipal Transport was in Subhash Stores Building where as presently it is situated near Science and Technical Institute of Kolhapur.

Presently Kolhapur Municipal Transport is having Single Decker, Double Decker and Joint buses. According to the survey conducted by Kolhapur Municipal Transport it is found that the most economical buses are Single Decker and hence, Kolhapur Municipal Transport now is avoiding to purchase Double Decker and Joint buses.

Due to the rapid expansion and extension of Kolhapur city and the rapid increase in the population of the city every year they are adding new buses so as to fulfil the travel requirement of the people.

They have their well equipped maintenance workshop with qualified staff which maintains the buses and they even do servicing in time to get better returns from the buses to avoid air and noise pollution.

From the data available of August 1991 it is found that

~~~~~  
Total buses ----- ?  
i) Single Decker                      76  
ii) Double Decker                     18

Total permanent staff                802  
~~~~~

The Hierarchy of Administrative Department is as follows-
