While sample survey was conducted the researcher realised the difficulties of the borrowers which are given as under.

1. Difficulties in obtaining Documents -

The Bank requires different types of documents and certificates from the warious offices. The borrowers are required to obtain documents from particular authorised officer, and enclosed with them with the loan application form. But it is difficult to obtain number of documents from the concerned office within the stipulated time. It is the first difficulty of the borrowers about the obtaining the documents. - 84 -

#### 2. Loan Sanction -

The Pandmarpur Urban Co-operative Bank Ltd., Pandharpur Sanctioned loan about 50% of the borrowers demand. Hence it is difficult to the borrowers because they cannot get adequate amount for the business expansion and also do not get for working capital requirement of the borrowers.

### 3. Period of repayment -

Period of repayment means the amount of sanctioned loan to paid every end of the Bank. Financial years means when the Bank closed their books of accounts at the end of the year at that time the cash credit loans are refunded to the Bank and then renewed this loan means in the opinion of the respondent or the borrower it is very difficult task to renewation and return the loans every end of the year.

#### 4. Rate of interest -

From the above survey it can be concluded that the rate of interest is high other than other loans. The rate of interest is 15% But the respondents want it is to be 10% The respondent want to pay the money on instalment. But the Bank recover all the loan at the end of their financial year the respondent have not able to pay all the amount at the end of the financial year of the Bank. If the Bank has sanctioned instalment .

.

the rate of interest is high than the regular payment So it is very difficult to borrow to pay the instalment and interest.
